NauFree

NAUSEA RELIEF PATCHES

FOCUS ON ACTIVE INGREDIENTS :

The patch contains microcapsules filled with pure and natural essential oils

The benefits of the oils are:

Tangerine (Citrus nobilis) :

It works as a relaxing agent by reducing tension and anxiety and nervousness.

It helps purify the blood by aiding in the excretion of toxic compounds.

It keeps stomach in good condition by maintaining the proper flow of digestive juices and maintains the right balance between the acid and bile so that excess acids are neutralized.

This also cures wounds, if any, in the stomach. It soothes the stomach and gives relief from inflammation.

It has a strong antispasmodic property and acts as a relaxant to relieve the muscles spasm of stomach and upper gastrointestinal tract. It is very helpful to treat nausea in babies, children and pregnant women.

NAUSEA RELIEF PATCHES

FOCUS ON ACTIVE INGREDIENTS :

Ginger (Zingiber Officinalis) :

The active molecule is 6 – gingerol, which is also the component responsible for the strong aroma and flavor of the Ginger root.

Gingerol has spasmolytic, carminative and absorbent properties.

It acts primary in the stomach and intestines, but they may also work in the brain and nervous system to control nausea.

NAUSEA RELIEF PATCHES

Usage Instructions

- Squeeze the patch in the center of the tissue to break microcapsules and release their scent
- Lift the diffuser from the backing card
- Apply 1 patch on the breast or neck area in order to allow the essential oils aroma to reach the nose.

The essential oils are effective in a range of 1 m³

The essential oils are effective for 4-6 hours after the patch's activation.

To refresh the scent we suggest to squeeze again the patch 2 hours after the first activation.

The diffuser could be applied also on clothing items.

FOR EXTERNAL USE
DO NOT SWALLOW
